YOU ARE CORDIALLY INVITED to visit our Gardens where over 600 varieties of named Iris are growing. Our peak bloom is usually during the second week of May.

We will be happy to assist you in making your selection, or to answer any questions. Please feel free to write us.

Our Iris are replanted each year—assuring you of healthy, husky rhizomes from one year plants.

We wish to take this opportunity to thank you for your orders which have helped our "Garden to Grow!" We hope your garden will display great beauty this season, and that each new variety will meet with your expectations—

Dear Friends:

At this time we are introducing three Iris for the hybridizer, Mr. Joe Becherer. As you know, Mr. Joe Becherer is already well recognized for several Iris, one of his latest, Snow Goddess, winning a H. M. in 1956. A true credit to this great hybridizer.

The Iris Donna Schaan, named after my daughter, will be co-introduced with A. I. S. Judge, Mrs. Frances A. Brown, R. F. D. No. 4, Box 306, Roanoke, Va., and may be seen in the following gardens: C. & A. Iris Gardens, Sacramento 21, Calif.; Eden Road Iris Garden, Wenatchee, Wash.; Mission Bell Gardens, Roy, Utah.

MR. H. F. SCHAAN

1958 INTRODUCTIONS

DONNA SCHAAN—(Becherer '58) M. (Inspiration x Seedling). This Iris is red with a deeper red over wash with light blue haft. Standards are closed, falls flare and flower is very large. The branching and placement of bloom is good and texture is smooth with substance like shoe leather. Withstands all types of weather, a very good parent either way. Limited, one to a customer, please.
Net\$25.00

CHRISTIE—(Becherer '58) L. (Rainbow Room x Seedling). Pastel blend. This Iris has a freak bud, all the buds encased in a leather-like shell. Don't try to open this shell as it will open by itself, then you will see the prettiest pastel flower in the garden. Extra large blooms and, yes, I said blooming after every other Iris has bloomed out. Truly very late. **Net**.....\$10.00

PENNENT—(Becherer '58) M. (Cascade Splendor x Unknown). Ruffled pink and yellow blend. Standards are globe shaped, falls semi flaring, and flower very large. The branching and placement of bloom is good with substance like shoe leather. Withstands all types of weather and above all a very fine breeder. **Net**.....\$15.00
